Oh Baby!

COLLECTION

"childhood is a journey, not a race."

Oh Baby! Collection

An infant changes so much during the first year. Each phase of development is an opportunity to capture enduring memories and important milestones. Experience the joy of knowing you are capturing those unique and fleeting moments. Each Oh Baby! Collection series includes the four sessions listed below.

The Beginning – Newborn to 3 months

This is a great time to focus on all the little details – the hands, fingers, toes and the special bond between a newborn and parent. Mom and Dad should be dressed in long sleeved black shirts and dark pants or jeans. Baby can be bare, in their diaper with a diaper cover, or can wear a cloth diaper.

The Moment – 6 months

This is a time to highlight the dawn of baby's independence. A child should be sitting independently for this session. Appropriate clothing includes: diaper covers, bloomers, overalls, tulle skirts or a simple solid-colored outfit.

The Challenge – 9 months

Each child is so very unique, but they all experience great joy with each new accomplishment. For this session, baby should be standing up holding on securely as we capture the pride they take in this challenge. Dresses and pants, fun shoes and hats in favorite bright colors will show off well in their first standing photos.

The Freedom – 1 year

What a great time to capture the essence of baby's personality! Choose either a formal or casual session. Clothing ideas include: overalls, bare feet, tulle dresses, solid shirts and slip dresses. Birthday cake and balloons can be optionally included for some additional fun images.

All "Oh Baby!" Collection Members Receive:
